

## Carico's classically styled and intricately cut Fine China

Fine China and Crystal adds flavor to your dining experience. A sparkling addition to your home (and is also a wonderful gift)

### Classic and Timeless

Elegantly designed and artistically coordinated

### Exclusive and Unique

Superior Materials masterfully crafted

### Superior Craftsmanship

Carico crystal is mouth blown, hand cut and hand polished by the best craftsman in the world.

Carico's Crystal is handcrafted. There is no finer crystal available for your table than Carico. Carico's crystal is a clear, brilliant glass—thus the statement “Clear as Crystal”. Our Crystal has a clear bell-like tone when struck. You can blow on Carico Crystal and it will “sing”. Because fine crystal is annealed, it is resistant to temperature changes, chipping and cracking.

Hand-made, mouth blown and handled over 30 different times by master craftsmen. Hand cuts are executed by artisans at their cutting wheels. After cutting, the crystal is given a bath in acid. This “polishes” the cut leaving it crystal clear.
